I. *The ſixth Column on the Right Hand Pages ſhews every Day in the Year, how many Minutes and Seconds a Pedulum* Clock *or* Watch *goes too faſt, or too ſlow.* Example. *On the* 10 *of* March, *the* Pendulum *will go* 7 *m.* 28″. *too faſt; On the* 10 *of* May 4 *m.* 5″. *too ſlow. But then the* Clock, &c. *is to be ſet Exactly to the true time, on the* 4 *of* April; *or* 6 June, *or* 21 Auguſt, *or* 13 December, *becauſe on thoſe Days the* Equation *is juſt nothing.*

II. Under Sun riſing and ſetting, the minutes are in the middle: Example, On the 10 of *January* you find 7 50 5 which ſhews the Sun riſes 50 min. after 7 in the Morning, and ſets 50 min. before 5 at Night.

III. In the Column of the length of Days and Nights againſt the 6 of *March*, you find 11 36 13, which ſhews the Day is 11 h. 36 min. long, and the Night 13 h. wanting 36 m.

IV. To find the Hour of the Night by the ſhadow of the Moon on a Sun-dial, add the hours and minutes of the Moon's Southing to the time of the ſhadow on the Dial, the Sum (abating 12 h. where it may be) is the true time of the Night.

THE
LONDON Almanack.
For the Year 1702.

By WILLIAM SALMON, M. D.

I. *The Virtues of Our* ANGELICK PILLS.

I Commend these Pills as a peculiar Antidote against the *Plague*, or *any Pestilential* or *Malign Feaver* whatsoever: and against the Poyson and contamination of the *French* x, *Pocky Gonorrhœa*, *Leprosy*, *Elephantiasis*, *Cancer*, *Kings-Evil*, curvy, *Gout*, or any other inveterate and poysonous disease.

II. By reason of the *Chio Turpentine*, they are a more excellent diuretick than the *Angelus* simple, and therefore better against Sand, Gravel, Stone, Slime, Matter, or any obstruction the Urine whether in the Reins or Bladder, making the ck piss pleasantly and freely.

III. And by reason of the mixture of the *Angelus mineralis and* latile *Laudanum*, I commend them as the most excellent of all nodynes yet known in the whole Art of Medicine, for that ey admirably give ease in all *Gouts*, *Sciatica's*, *Rheumatisms*, ndring *pains*, *or in Nocturnal or Pocky pains*, which may aft the *Head*, *Shoulders*, *Arms*, *Hands*, *Hips*, *Thighs*, *Knees*, ins, &c. beyond any thing that I have ever yet given.

IV. *'Tis true that the* Angelus *and these* Pills *must be long gi*n *against the Distempers before named, else they do little good,* that they have no *sensible Operation, but perform what they do,* Diet-drinks *do, by altering, changing, and purifying the whole*

Mass of Blood, and so as it were renovating the whole Man, and destroying the Malignity and Venom at the Root.

V. But though some may object against these Medicines, the long time of using them, I answer, better thus long than longer. How many Thousands of persons are there, who running the common course of these Cures, are three, four, or five times as long, yea sometimes ten times as long, and it may be at last, miss of a Cure too by those Methods, and sometimes are made incurable.

VI. But our time of curing these Diseases, may the better be born withal, for that we put the Sick to little or no pain or trouble; but that after the first purging with Pilulæ Panchymagogæ he may go abroad (if not winter time) follow his occasions, eat and drink moderately almost what he pleases, so that the nearest relation needs not take notice thereof.

VII. Here is no Fluxing, no making the Patient Sick, out of order, or ill at ease, no Imprisonment or Confinement in a close Chamber for several Months; no eating away of the Uvula, Pallat, no falling of the Nose, or loss of Jaw-bones, or any other part; but a pleasant, easie, and smooth way, which brings the Sick to the end of his Journey, without any hazard or danger, which must infallibly be met with in other Methods, and where the knowledge of so great Remedies are wanting.

VIII. And yet all things being considered, as the many unlooked for Accidents and Miscarriages attending the Vulgar courses, the Method of ours, in the use of these Medicines, is as short and sure as any that ever yet was practised, and a thousand times more safe, the Patient never running any hazard at all.

IX. Such Medicines as these which do things so Stupendious and beyond the power of any other remedies, whether ordinary or extraordinary, can never be valued enough, being to be esteemed in the Superlative degree.

X. For what Reachings, Strainings, Vomitings, Gripings, Nauseas at Stomach, Sickness at Heart, Faintings, and other displeasing effects of Medicines are here avoided? this Medicine saluting the Vital powers, like an Angel of peace, and piercing the whole Body like lightning, doth as it were by its Character, Benign Beams, subdue the Malign powers of Diseases, and overcome the Morbifick matter.

XI. A

XI. *And this it does not by fighting or contending with it, but in a passive way, by glancing on it, and piercing of it with the subtilty of its Effluviums; and as it were charming of it, undoes it in its Root and Essence, whereby the Diseasy matter being melted, altered, and changed in its nature, Diseases and the very Seeds of them insensibly vanish away.*

XII. *The Dose and way of using them.* They may be given from two Scruples, to a Dram, four Scruples or two Drams, as the Sick is in Age and Strength, and always at night going to Bed, making the Patient sweat, if you so please upon it, and they may be given for 40, 60 or 100 days together; but you ought to observe the directions (in the use of these Pills) which we have given in the use of the *Angelus*, at Chap. 42. to which I refer you.

XIV. It is a very good thing againſt the Leproſie, Scabs, Scurff, Morphew, Tettars, Ring-worms, Boyls, Botches, and other breaking out; by looſening the too ſtrict jointning of the Blood, from a Combination of acid or fixt Salts with ſulphurous Particles; whereby, cauſing a Fermentation, it ſeparates the Recrements and Impurities thereof, through the Pores of the Skin, and ſo ſweetens it.

In chronick Diſeaſes, the Patient is ſometimes forced to take it for ſeveral months together. *Price Sixteen Shillings an Ounce.*

III. *The Virtues of our* FAMILY PILLS.

I. THESE *Family Pills* are a certain Cure for the Scurvy, Dropſie and Gout. They cure the Scurvy (the chief reigning Diſeaſe in this Kingdom) when it is grown ſo bad, as to become ſcandalous, ſo as many People think it to be the Pox,

2. For the Scurvy often cauſes great Pains in the Head, Noſe, Shoulders, Legs, and Bones, with other pains all over the whole Body; dulneſs, heavineſs, with reddiſh or blewiſh ſpots, or breakings out in the Skin, weakneſs in the Back and Loins, a bad Stomach, and ſometimes loſs of Appetite, Looſeneſs, and Sowreneſs of the Teeth, Throat and Mouth, a diſcoloured Skin, with Spots, Stains, Pimples, Morphew, Scurf, and a general Weakneſs and Faintneſs all over the whole Body; inſomuch as laſt, that it gets into the Bones, and infects the very Marrow of them: This cruel diſeaſe theſe *Family-Pills* cure at a few times taking.

3. They wonderfully cure the Dropſie and Gout, ſpeedily taking away the Water in the one, and the Pain in the other, though never ſo great; and beyond expectation giving preſent eaſe, relief and comfort; working gently by Stool and Urine, and ſometimes by Vomit, if the Stomach be very foul, thereby curing moſt curable Diſeaſes. By theſe *Family-Pills*, we have cured hundreds of Perſons, both of Dropſies and Gouts, and that in a very ſhort time, ſome of which have been given over as incurable; others have gone above a dozen years upon Crutches: And I never heard to this day that they ever miſt the cure of one perſon, although I have uſed them near this thirty ſeven years.

4. They are admirable good againſt Conſumptions; not ſo much from their adding of Matter, as by taking away the obſtructions which hinder the Nouriſhment from going to its reſpective parts; in which Diſeaſe, as alſo in the *King's-Evil*, whether in old or young, they have ſcarcely been known to fail.

5. Theſe *Family-Pills* are an excellent Head purge, for all Diſeaſes therein, as Headach, Megrim, Vertigo or Giddineſs, Lethargy, Frenzy, Madneſs, Melancholly, Dimneſs of Sight, Rheums in the Eyes, *&c.* beyond any Medicine ever yet known.

6. They are an excellent help againſt Riſings, Vapours, Cloggings, Stuffings, Gnawings, or illneſs at Stomach, for ſuch as grow too Fat, Sweat or Spit much, have coſtive or hot Bodies, and for all ſuch as have loſt their Complexions by the Scurvy, Jaundice or Green ſickneſs, ſuch as are over-taken

with lingring Diſeaſes; growing worſe and worſe every year than other, with ſtoppages in the Head and Breaſt, Melancholy, ſhortneſs of Breath and ill Digeſtion, 'till ſuch time as they fall into Dropſies, the Jaundice, hectick-Fevers, or deep Conſumptions, lingring and waſting away with dry Coughs, Wheezings, faint Sweats, and the like. Theſe our *Family-Pills* carry off all thoſe Diſeaſes the right way, by taking them twice or thrice a Month.

7. They purge by Stool, Flegm, Choler and Melancholy. They diſpoſe old Ulcers, Fiſtula's, running Sores, ſore Breaſts, ſore Eyes, ſcald Heads, King's-Evil-ſores, Wounds, Gangreens, Cancers, Tettars, Ringworms, Scabs, ſalt humours, or any other breakings out, as Puſhes, Boyls, Wheals, to a ſpeedy healing, by purging away the evil Humours which feed them.

8. Theſe *Family-Pills* are of excellent uſe for all Travellers, Seamen, and ſuch like perſons, who live on bad Diet, in ill Airs, and moiſt Places, and near the Sea-Coaſt, and for all ſuch as have ſpoiled their Bodies by Heats and Colds, hard or exceſſive drinking in their young days, and ſuch as cannot attend on a Cure, but are forced to go about their buſineſs. They may take them to Sea with them, becauſe they keep their virtues many years, nor do Sea-voyages ſpoil them: the which will be found to ſtand them in great ſtead in all Sea-ſickneſſes, ſickly Seaſons, Calentures, Fevers, Fluxes, Poyſons, Agues, Scurvies, Poxes, Surfeits, *&c.* which commonly affect ſuch as go to Sea; ſo that more can ſcarcely be done by a purging Medicine.

9. Theſe *Pills* are an incomparable Remedy againſt the French-Scurvy; all Diſeaſes Venereal, the Gonorrhœa, heat, pain and ſharpneſs of Urine, although of many years ſtanding, all Botches and Breakings out of the Fleſh and Skin, Ulcers and ſtoppages of the Reins, Bladder, Womb and Privy Parts; performing every thing of this kind, with great ſpeed, eaſe, ſafety and ſecurity; ſo that none living can take notice thereof.

10 They are an excellent Remedy againſt all manner of Coughs, Cold, Rheums or Diſtillations, ſhortneſs of Breath, ſtinking Breath, Vomiting, weakneſs of the Stomach, want of Appetite, Pleuriſies, pains of the Side, Spitting of Blood, ſuddenly and ſtrangely eaſing of Pains, proceeding from Wind, Colds, Surfeits, or any other cauſe whatſoever. 11. The

11. They cure Fevers and Agues of all ſorts, ſometimes in three Weeks, ſometimes in fourteen days, and ſometimes in leſs time, although of two or three years ſtanding, and given over by all Phyſicians; and when almoſt every one thought the hope of recovery had been paſt.

12. They kill all ſorts of Worms, in old or young; cauſe a good Appetite and a ſtrong digeſtion. They are one of the beſt Remedies in the World againſt the Dropſie and Gout, taking away all Swellings from the Belly, Thighs and Legs; and all manner of Pains from the very Bones, when no other means whatſoever will do. They diſſolve the Stone, and bring away Slime, Sand and Gravel from the Reins and Bladder; taking away ſtoppages of Urine, and cauſing thoſe to make Water plentifully, who could not in ſome days before: this they have done in ſeveral hundreds to admiration.

13. They are a certain cure for the Falling-ſickneſs, Convulſions, Apoplexy, Palſie, Cramp, Lameneſs, weakneſs of Limbs, Jaundice, Sciatica, and all manner of running Pains whatſoever in any part; inſomuch that many bedrid, and given over to all appearance, have unexpectedly met with cure almoſt to a miracle; ſo that many learned Phyſicians could not but admire at their virtues.

14. Theſe *Family-Pills* cure Barrenneſs, bringing down the Terms, ſtrengthning a weak Back, help fits of the Mother, and other Diſeaſes belonging to that Sex; they expel Wind, are admirable againſt the Colick, and ſpeedily cure the griping of the Guts; ſo that many ſeemingly at the point of death, have met with a preſent remedy.

15. Theſe *Pills* are a powerful Remedy againſt the Rickets in Children, the Green-ſickneſs in Virgins, all manner of ſtoppages in the Head, Liver, Spleen, Reins, Womb, and pains in the Bowels. They purifie, cleanſe and ſweeten the Blood, rectifie all diſtempers of the Head, quicken the Senſes, clear the Sight, add a good colour to the Face, and make the Body able to withſtand Diſeaſes.

16. Theſe *Family-Pills* are the chief Medicine now uſed, in the cure of all the aforeſaid diſeaſes, not only in *England*, but in many foreign Countries and Kingdoms, being cried up, and prized above all other Medicines whatſoever; in ſo much that

in

in ſome thouſands of Families, on moſt occaſions they are their only Phyſick, (and from thence they came to be called *Family-Pills*) being known to be ſafe in operation, and certain in the end propoſed; for no perſon curable, troubled with any of the aforeſaid diſeaſes, has failed of cure, who has continued (without delay of time, or taking of other Phyſick) the uſe of theſe Pills, according to the directions following. All that ever we knew take theſe Pills, have found good at the firſt taking, and ſeveral hundreds, yea, thouſands of People who have taken them, have given them this commendation.

17. They cleanſe the Body of Wind, water and ill humours, without the leaſt griping or making Sick (unleſs the ſtomach be very foul) or any way weakning the body; which done, they ceaſe working, for they will work no longer than there is diſeaſie Matter to work on. But contrariwiſe, help all inward waſtings or decays of Nature, ſtrengthen weak Backs, cauſed through pains, wrenches, or over-ſtrainings; they ſtop all weepings, moiſture, whites, *&c.* (by carrying the humour another way, ſtrengthning the Veſſels, fortifying Nature, *&c.*) reſtoring the decayed parts even to a wonder.

18. Our ſucceſs in the uſe of them, and their ſafety, has brought them into eſtimation, in many parts of the World: for as much as they that take theſe *Pills*, need not go under long, dangerous and chargeable courſes of Phyſick, ſuffer by bad Medicines, and be driven time after time, from one Phyſician to another.

19. When the Diſeaſe is of long continuance, a perfect cure cannot be expected in a few times taking; in thoſe caſes, you may take them in the largeſt doſe, at leaſt ten, fifteen times, or more, as need requires, omitting them a day or two, or more, as you ſee cauſe: they being ſafe and gentle in their operation, and fit to be taken by all perſons from two years old to threeſcore, and upwards, at any ſeaſon of the year. And it is obſervable that theſe Pills, after four or five times taking, keep the Bowels open for a month together, whereby diſeaſes ſeem to melt away, almoſt inſenſibly.

20. This Medicine is of an admirable and friendly Quality, performing all its operations, as nature her ſelf requires, they ſometimes purge gently, ſometimes work gently by vomit, and

ſometimes by Urine, and ſometimes by all thoſe ways, according as Nature her ſelf is diſpoſed to the Action, though chiefly by ſtool, ſo that they are not bound to any particular way of Operation, but that which may beſt ſerve Natures end in reſtoring health. Hence it is, that they not only cure Diſeaſes of the Humours, as the Scurvy, Gout, Surfeits, eaſe all manner of pains, &c. but they rectifie diſtempers of the Spirits, taking away heavineſs, dulneſs, melancholy and the like, performing all their Operations with great ſafety, ſpeed and eaſe, being fitted for all perſons of what Age, Sex, or Conſtitution ſoever. If there be but little corruption in the body, they bring forth but little; if much, they bring forth much; and in perſons perfectly well, they will ſcarcely work at all, becauſe in ſuch they have no enemy to meet with.

21. Theſe Pills are cheap, ſafe, eaſie, approved helps, and free from the leaſt danger, yet very effectual to all the aforementioned intentions, performing what is here ſpoken of without hazard of body, money, or expectation, as ſome thouſands in this Kingdom, can upon their own knowledge teſtifie: they will keep many years good, and work all their good effects as well after a length of time as now.

22. *The way of uſing them.* Theſe Pills may either be ſwallowed down alone, or taken in the Pap of an Apple, or Honey, or a ſtewed Prune, or in a little Syrup, or bruiſed and taken in a little Beer, Ale, Wine, or Broth, as every one likes beſt, and ſo taken early in the morning, or late at night going to bed, without obſervation of any other Order, only taking heed of Cold. From two years old to three or four you may give one Pill: from four years old to ten, you may give two or three Pills: from ten to ſixteen, you may give three or four Pills: and from ſixteen years of Age to threeſcore and upwards, you may ſafely give five or ſix Pills: You may begin with a little Doſe firſt, and ſo encreaſe it, as you find the Body is in ſtrength. They are to be had in moſt Market-Towns in *England*. *Price twelve pence a Box, or five ſhillings an ounce.*

The Price of a Seal (containing 2 Papers) is 1 Shilling.

THis *Family Powder* is famous for the Cure of Conſumptions, which it does by removing of Obſtructions, which hinder the Nouriſhment to be conveyed to the reſpective parts: It not only opens the parts obſtructed, but carries off the obſtructing matter leaving the Body free, and fit to receive the Nutriment.

2. It cures Lameneſs and Rheumatiſms to a wonder: I have, with the uſe of it, raiſed ſuch out of their Beds, who have for ſeveral years been lame all over, ſo as they could not go, or do any thing, or help themſelves; and have done ſuch Cures with it, as have been thought impoſſible, and beyond the power of Art to perform.

11. I commend the uſe hereof in the Gout, Sciatica, Dropſy, and Jaundice, beyond moſt other Purges; for in theſe Diſeaſes I have had large experience thereof.
